DETAILED ACTION

1. Applicant's Amendment filed 09/23/2005 has been reviewed and placed of record in the file.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
3. This application is in condition for allowance except for the presence of claims 12-19 non-elected without traverse. Accordingly, claims 12-19 have been cancelled.

Allowable Subject Matter

4. Claims 1, 3-10, and 20 are allowable over the prior art of record.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or render obvious a nonvolatile semiconductor memory cell with all exclusive limitations as recited in claims 1 and 20, comprising a substrate; a stacked-gate structure stacked on the semiconductor substrate; and gate side-wall insulation films formed on both side surfaces of the stacked-gate structure; the stacked-gate structure comprising a tunnel insulation film, a floating gate electrode, an inter-electrode insulation film and a control gate electrode; a thickness

of the gate side-wall insulation film increases, at a side portion of the floating gate electrode, from the inter-electrode insulation film side toward the tunnel insulation film side, and the width of the floating gate electrode in a channel length direction decreases from the inter-electrode insulation film side toward the tunnel insulation film side; a width (Q) of the floating gate electrode in the channel length direction being 50 nm or less on a surface of the tunnel insulation film, a distance (S) between distal ends of the gate side-wall insulation films being 1.3 or more times as great as the width of the floating gate electrode in the channel length direction; a portion of the floating gate contacting the inter-electrode insulation film; and a length (P) of said portion of the floating gate satisfying the relationship $Q < P < S$.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tu-Tu Ho whose telephone number is (571) 272-1778. The examiner can normally be reached on 6:30 am - 5:00 pm.
